**Time:**2 pm to 5 pm

### Overall Attendance:-

Sr.no	Class	No.of parents called	No.of parents attended
1	EXTC	10	08
2	COMP	06	04
3	IT	24	17
4	MECH-A	21	12
5	MECH-B	23	13

### Feedback:

Parents started to come after 2 pm. The main topics of discussion were the defaulters students and those students who have failed in more than two subjects in recent IA-I exam. Parents discussed with class teachers and subject teachers. The general questions were focused on overall performance of students in class room. Majority of parents were satisfied after the clarification by teachers about class performance of their pupils. Those parents met directly to Head of the Department Dr. Revathy mam along with their class teachers regarding their pupil's poor performance and how that could be improved in future. Parents preferred this idea-the interaction between teacher and them. General feedback from parents is good about the institute.
